The company reserves the right to amend the contents and specifications of the instructions and will not assume any responsibility for the results. Due to product updates and improvements, certain details of this document may be inconsistent with the product and the physical product itself.

Packing List

Component Name	Quantity
V73 POS Terminal	1
Battery	1
Power adapter	1
Quick start guide(With Warranty card)	1
Card reader	1
Stylus	1

*Optional things, shall be subject to order request.

Safety Precaution

- The terminals and use of this product may result in damage to the user or the environment.
- Unauthorized disassembly of the device will void the warranty.
- Do not use the device in wet or damp areas.
- Do not use the device in areas with high magnetic fields.
- Do not use the device in areas with high electromagnetic interference.
- Do not use the device in areas with high temperature.
- Do not use the device in areas with high humidity.
- Do not use the device in areas with high dust.
- Do not use the device in areas with high vibration.
- Do not use the device in areas with high pressure.
- Do not use the device in areas with high altitude.
- Do not use the device in areas with high radiation.
- Do not use the device in areas with high noise.
- Do not use the device in areas with high magnetic fields.
- Do not use the device in areas with high electromagnetic interference.
- Do not use the device in areas with high temperature.
- Do not use the device in areas with high humidity.
- Do not use the device in areas with high dust.
- Do not use the device in areas with high vibration.
- Do not use the device in areas with high pressure.
- Do not use the device in areas with high altitude.
- Do not use the device in areas with high radiation.
- Do not use the device in areas with high noise.

Product Description

Name	Function Introduction
Barcode scanner	Barcode scanner (1D/2D) (optional)
RFID scanner	RFID scanner (optional)
Printer	Printer (optional)
Camera	Camera (optional)
Microphone	Microphone (optional)
Speaker	Speaker (optional)
Keypad	Keypad (optional)
Display	Display (optional)
Power button	Power button (optional)
Volume keys	Volume keys (optional)
Home key	Home key (optional)
Back key	Back key (optional)
App key	App key (optional)
Navigation keys	Navigation keys (optional)
Function keys	Function keys (optional)
External display	External display (optional)
External keyboard	External keyboard (optional)
External mouse	External mouse (optional)
External printer	External printer (optional)
External camera	External camera (optional)
External microphone	External microphone (optional)
External speaker	External speaker (optional)
External keypad	External keypad (optional)
External display	External display (optional)
External keyboard	External keyboard (optional)
External mouse	External mouse (optional)
External printer	External printer (optional)
External camera	External camera (optional)
External microphone	External microphone (optional)
External speaker	External speaker (optional)
External keypad	External keypad (optional)

Quick Start

Turn on the POS terminal, printing paper, battery, power adapter, write any and other things from the box, and quickly install by the following sequence.

1 Install printing paper:

- 1) Lift the cover of paper wastebasket and open it.
- 2) Roll the paper into the wastebasket from the direction shown below, then fix the paper into it.
- 3) Roll the paper into the wastebasket from the direction shown below, then fix the paper into it.

2 Install SIM/PSAM card:

- 1) Take off the battery cover.
- 2) Push SIM/PSAM card into slot as the following illustration.
- 3) Push the cover into place, which would emit an audible click.

3 Install and disassemble battery:

- 1) Take off the battery cover and power off device.
- 2) Slightly lift the battery to a certain height.
- 3) Press the locker in white socket, pull the plug up, then the battery can be taken out.

2 Install SIM/PSAM card:

- 1) Take off the battery cover.
- 2) Push SIM/PSAM card into slot as the following illustration.
- 3) Push the cover into place, which would emit an audible click.

3 Install and disassemble battery:

- 1) Take off the battery cover and power off device.
- 2) Slightly lift the battery to a certain height.
- 3) Press the locker in white socket, pull the plug up, then the battery can be taken out.

Warranty Card

Thank you for purchasing our product! This warranty period for this product is subject to contract, valid from the purchase date.

Beyond the guaranteed period, this product enjoys a free-of-charge maintenance service. For maintenance service, please fill in the Product Failure Report, and send back that with Warranty Card. The warranty card is necessary for our maintenance service, so please keep it well, for it shall not be reissued.
